Pinces-étaux ajustables

Caractéristiques :
- Pinces étaux à grande ouverture avec des mors toujours parallèles.
- Crémaillère 4 ou 6 positions, pour serrer toutes les formes.
- Largeur des mors 16 mm.
- Mors en acier forgé, rainurés, trempés, avec dentures 50/60 HRC.
- Serrage précis et puissant : 300 à 600 daN.
- Ergonomie : serrage et déverrouillage facile d'une seule main.
- Réglage de ma force de serrage grâce à la molette.
